

## JOINT KNOWLEDGE ONLINE

### Senior Enlisted Joint Professional Military Education (SEJPME)

*Developing confident and effective joint force leaders today to meet the complex military challenges of tomorrow.*

The SEJPME Program consists of three stand-alone online courses in a learning continuum: SEJPME New Student Orientation (NSO), SEJPME I and SEJPME II. These courses cover preparation into the continuum and prescribed joint emphasis areas: National Strategic Overview; Joint Interagency, Intergovernmental, and Multinational (JIIM) Capabilities; Foundations of Joint Operations; and Joint Force Leadership. Prospective students should complete their Services' appropriate grade PME/EJPME before enrolling in SEJPME courses.

The SEJPME NSO course is a prerequisite to SEJPME I & II, designed to prepare enlisted members for the associated academic rigors to successfully complete the program. This course outlines expectations students should consider prior to enrolling in SEJPME I or II.

SEJPME I provides CJCS-sponsored, joint assignment-oriented education for leaders in grades E5-E7. These enlisted leaders may be serving in, or with potential to serve in, joint and combined organizations worldwide. The course consists of 40+ hours of computer based instruction with a focus on preparing enlisted leaders to successfully support joint activities, lead members from multiple Services, and better understand joint operations.

SEJPME II is a 45+ hour advanced course restricted to grades E7-E9, plus civilian and multinational equivalents. This advanced course expands upon topics learned in SEJPME I and introduces new, relevant, higher level joint course material. Students should complete SEJPME I before taking SEJPME II. SEJPME II is a prerequisite to KEYSTONE.

The courses are accessible online from duty and home locations 24/7. Students have 180 days to complete each course. To find on JKO, go to <https://jkodirect.jten.mil> and search for SEJPME in the Course Catalog tab.
